

# MILLIONAIRES AS AUTO COPS MAY GET SPEEDERS

Five Auto Club Members Become Specials on Bingham's Force.

Bad days for the automobile searchers, time up to now they have been able to stop a thousand cars. After today there will be five energetic millionaires, all in plain clothes and running their own automobiles. The auto clubs are behind them. They are members of the Automobile Club of America and have been sworn in as to their task policemen at their own request.

Colgate Hoyt, Winthrop E. Scarritt, Albert R. Swanson, Dave H. Morris and George L. Chamberlain are the new plainclothes cops. Mr. Hoyt is president of the Automobile Club of America. The others are former presidents of the organization. They have full police power to make arrests and control the auto racing parties, for there is sweet rivalry between the two when shall have the first.

The numberless accidents fatal and otherwise due to the recklessness of motorists has a feeling of sympathy against automobile—thus sensible owners are steering clear. The Automobile Club of America is decimal of the movement of motorists in favor of the members as special policemen. A success may be attained. They will be required to wear uniforms, and will be given the same as those of the men in the gallery of Mayor's office.

There have been some inquiries about who will write the special resolution when it comes in writing.

MISSING GIRL FOUND DROWNED.

Suffering from Religious Mania. She Disappeared on Sunday.

Mary Ahern, who has been missing from her home at No. 34 Front street, since Sunday morning, was found dead to-day in the East River, off the foot of Jackson street. William McMahon, a watchman, saw the body and pulled it ashore. It was recognized later by Mrs. Ahern, who was twenty-four years old and lived with her grandmother, who was suffering from religious mania. She had suddenly and never appeared to take a walk, turn up, but disappeared one day from the house for ever. It is supposed she either jumped or fell from one of the piers in the vicinity of her home.

## HEARST SUIT COST POINT OF HIS BILL

Assemblyman Wanis Jackson to Explain Why He Saddles Payment on State.

(Special to The Evening World) ALBANY, Jan. 1.—Assemblyman Cuviller attempted to-day to introduce a resolution calling on Attorney-General Jackson to explain why he did not make W. R. Hearst liable for costs in the action against Mayor McCallum, but his move was objected to by Majority Leader Moreland. He said that the anticipated time for offering resolutions was Monday night. Mr. Cuviller will accordingly present the resolution next week.

The action brought by Attorney-General Jackson to test McCallum's title to office was taken under a section of the code which requires the State to meet all the costs connected with the action.

There is another provision of the code under which the Mayor's title could have been tested, and under which Hearst would have been forced to call a local informant to the State for the costs.

Mrs. Cuviller says the State will have to pay out \$200,000 on account of Jackson's action.

COURT "SPAGHETTI MAN" DIES.

John Nozella, who for years kept an Italian restaurant at No. 47 Franklin street, and served spaghetti to the Supreme Court Judges and others in the Criminal Courts Building, died yesterday afternoon in the Hospital after a lingering illness. He lived with his wife and seven children in Hoboken, where he owned considerable property.

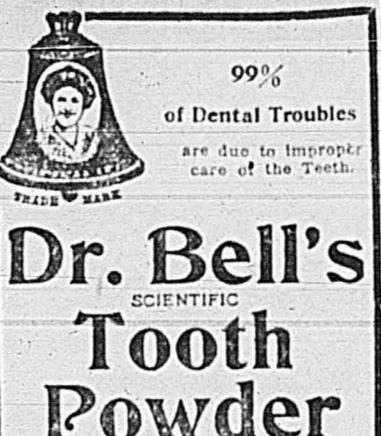

## INTO THE ICY NORTH. UNTIPPED GIRL WAITERS TO STRIKE

15,000 Female Servitors at Table Want Money and Shorter Hours.

Shorter hours and more money is the cry of New York's waitresses, 15,000 strong, who are organizing to bring their employers to terms. Miss Forayth, who used to be a waitress, but is now a union organizer and settlement worker, is conducting the campaign to bring the waitresses of the city into the union.

She thinks this will be done in two months, and then will sell a series of strikes that will tie up the eating business if the demands are not granted. Miss Forayth says there are scores of men who are organizers to bring the girls within the union.

She says waitresses do not get up to 15 or 16 a week, they cannot live on 15 or 16 a week, they have to give up 15 or 16 a week, she says, only get 14 a week.

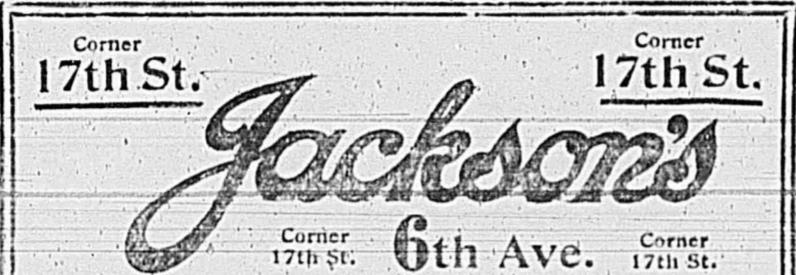

Will cleanse, beautify, strengthen and preserve the teeth in a healthy and sanitary condition.
